ABOUT US

Welcome to Prestige Home Support, where we believe that every family deserves a well-managed, peaceful home and every domestic worker deserves the opportunity to build a respected and fulfilling career.

Prestige Home Support was founded from a deeply personal place of passion, admiration, and purpose. Growing up, I witnessed firsthand the dedication, care, and excellence my mother brought to our home as a homemaker. She carried out her responsibilities with pride, attention to detail, and unwavering commitment. Her example taught me that creating a comfortable, nurturing home environment is both valuable and impactful.

Inspired by her legacy, I developed a passion for helping women enjoy their homes without the constant demands and worries of household responsibilities, while also creating meaningful employment opportunities for other women.

At Prestige Home Support, we specialise in recruiting, training, and placing qualified nannies and domestic support professionals with families seeking reliable, trustworthy, and professional household assistance. We understand that welcoming someone into your home is a significant decision, which is why we are committed to ensuring that every candidate we place is carefully selected, thoroughly assessed, professionally trained, and matched to the unique needs of each family.

We are more than a staffing agency — we are a trusted partner dedicated to creating happier homes, supporting families, and empowering women through meaningful work.
